

Dear Parents and Carers,

Our three after school clubs are up and running again, (Super Star Gym club – all children, Forest Explorers Club- Year 1 and Art Club- Reception) if you've missed the information about these then please pop in and speak to Mrs Gough. In Gym Club the pupils have successfully worked towards their Level 8 award which was presented to the children today in our celebration assembly. Well done children for all the hard work developing your skills in balancing, rolling, jumping, and repeating short gymnastic sequences.

The Reception children enjoyed a fabulous day out at Bristol aquarium, linked to their 'Pirate' theme. I am sure they talked to you about all the fantastic sea creatures they saw. Thank you, Miss Loughrey for being our parent helper for this trip.

On 31st January the NHS nurses will be carrying out the vision, height and weight checks for Reception children. All children will be included unless you inform the school otherwise. The results are confidential, nothing is reported back to the school and the NHS will contact you directly if there are any concerns.

Next week I will be meeting with Cater Cater, a possible school meal provider for our children. I have been informed that the quality of food and level of service is high. I may ask a few of you to taste some of the food and give your thoughts as well, so watch this space!

As you know the school had a small feature on BBC Radio Gloucestershire's breakfast show yesterday. Sophia, the interviewer was very interested in the school and is keen to develop links with us. I have invited her to come along to our first morning at Olympus Park to capture the fun and excitement of our new temporary setting.

Have a lovely weekend,

Best wishes,

Kate Moss.

Mrs Kate Moss
Headteacher
